In a service bus from / our service. St Helena's PS children may need to walk to Ellenbrook PS and accompany the educators during after school pickups. Ellenbrook PS & St Helena PS children walk to and from school.

I understand that home pick up & drop off requires my child/ren to drive to and from other homes during the bus run. Children do not leave the bus unless they are at their own home. A transport risk assessment is available at the service on request. Drivers have full drivers' licences, and the service buses are fully insured. I understand that there may be a case where my child will be transported in a private car if a service bus is not available. Age-appropriate car seats are used during transport.
